

VoIP One-Site

VoIP Starting from
£9.50
per user per month

Our VoIP One-Site product is the perfect telephony solution for businesses with under 10 employees in one premises or across independent units where call transfers between units is not required.

Providing more features and more reliable call connections our One-Site solution includes:

- Unlimited calls and free calls to 01, 02, 03, and 07 numbers.
- Crystal clear call connections.
- Hardware warranty.
- Mobile VoIP app for business calls wherever you are.

If you're unsure if One-Site is the solution for you, our team can give you expert advice and support, as well as your own account manager to contact with any questions once your order is made.
